Summary

Currently in an intensive, full-stack dev program (850+ hours) at San Diego Code School and looking to apply my skills in a junior software engineering position. Authorized to work in the US and do not require employer sponsorship.

Skills

Frontend: JavaScript, ReactJS, Redux, HTML, jQuery, CSS, SASS, Bootstrap

Backend: NodeJS, Express, MySQL, MongoDB, Loopback

Tools/Skills: Git, Loopback, Webpack, Mocha/Chai, Pair/Mob programming

Projects

Wild Flag
- ReactJS, MySQL, NodeJS, Passport.js and bcrypt
- Built deconfliction application that creates a simple, secure, yet profoundly effective centralized deconfliction portal where NGOs can check others projects

Simple Lunch Selector
- Built with ReactJS, Express, HTML, CSS, Bootstrap, and Pixabay API
- Created GET routes and axios requests to store random food pictures, created functions to fetch data from backend, and wireframed front end to display meal and drink menus

Work Experience

Web Development Intern
San Diego Code School, September 2019 – October 2019
- Upgraded student management system including CSV download function using JavaScript and ReactJS
- Changed the website design into a mobile-friendly version using CSS and SASS
- Managed agile team projects with Git and performed QA testing

Marketing & PR Specialist, November 2016 – March 2019
Wilo Korea, Seoul, South Korea
- Digital marketing and public relations role: SEO, online advertising, and social media & crisis management
- Developed and operated a new online sales channel for our products including pricing and promotion
- Promoted offline sales marketing, including customer events, advertising, and seminars

Public Relations Intern, August 2014 – August 2015
NSIP Law, Washington, DC, USA
- Prepped original PR materials in English; completed administrative tasks such as docketing and accounting
- Developed strategies to make the firm's website

Education

Full-Stack Web Development, Certificate Program, July 2019 - Present
San Diego Code School, San Diego, CA

Bachelor of Arts, Scandinavian Languages and Advertising & Public Relations, March 2009 - February 2018
